Subject: FW: Review and Concurrence of Cumulative Risk Assessment Planning and Problem Formulation - Input due to PARMS NLT COB September 14
Attachments: CRA Guidelines External Review Draft.docx; CRA External Peer Review Questions.docx; CRA Guidelines1-Page Summary.docx

All,

Please see attached draft Guidelines on Cumulative Risk Assessment Planning and Problem Formulation. The document, developed by the Risk Assessment Forum, has been transmitted to the STPC for concurrence to be submitted for External Peer Review.

Please let me know if you or others in your office have any show-stopper concerns regarding release of this document for external peer review. At this stage, we are not looking for editorial comments, but mainly whether we have any major concerns regarding release for external peer review.

Please share within your offices as needed, but do not transmit outside of OLEM. If you identify any concerns, please send comments to PARMS NLT COB Monday, September 14th. If we have not heard from you by that date, we will assume your office has no comments.

Thank you for your help with this, and please let me know if you have any questions.

Kathleen

Subject: Review and Concurrence of Cumulative Risk Assessment Planning and Problem Formulation

Dear STPC members,

As discussed at today's STPC meeting we are requesting your review of the draft *Guidelines for Cumulative Risk Assessment Planning and Problem Formulation*.

Attached please find:

- 1) *Guidelines for Cumulative Risk Assessment Planning and Problem Formulation: External Peer Review Draft* (CRA Guidelines External Review Draft.docx)
- 2) *Charge to the External Peer Reviewers of Guidelines for Cumulative Risk Assessment Planning and Problem Formulation* (CRA External Peer Review Questions.docx)
- 3) *RAF Draft Guidelines on Cumulative Risk Assessment Planning and Problem Formulation: Overview of Draft for STPC Concurrence on External Peer Review* (CRA Guidelines 1-Page Summary.docx)

Please provide your concurrence and any comments by September 16, 2020. If necessary, there will be a follow-up meeting with your staff to address comments and resolve any issues.

Thank you,

Maria J. Doa, Ph.D.
Director
Science Policy Division
